Amphenol® Industrial Cable Glands

Amphenol Industrial Global Operations introduces a series of commercial liquid tight cable glands available both with Metric and PG threads, Metallic and Non-Metallic. These glands are suitable for a wide range of applications from manufacturing machinery to measurement and control equipment, like automation and robotics. These glands can connect to Amphenol Industrial Global Operations circular products with adaptors or be used individually. The commercial cable glands have been successfully used at major OEMs.

Features:

• Complete line of Metal and Nylon Industrial cable glands available
• Entry threads range from PG7 through PG48 and M12x1.5 through M90x2
• IP68 Rated
• Temp Range: -20°C~+105°C
• UL 94V-2 approved material
**Nylon Cable Glands**

**Material:** Nylon 66 (UL Approved 94V-2)
